

IZAKAYA SUSHI®

Our Story | 私たちのストーリー

In Japan, an izakaya is not just a place to eat.

It is a space to disconnect, to share, to toast... and to let the night unfold.

Izakaya Sushi was born from that same idea:

To bring to Mexico an authentic yet accessible experience, where quality, atmosphere, and the moment matter as much as the dish.

From the very beginning, we had a clear goal:

To break away from the traditional concept of sushi and create something that blends the best of two worlds — Japanese technique and the rhythm of the city. A place where you can come for a casual plan or stay for a dinner that turns into a night out.

Today, with a presence in different cities and a community that grows every day, Izakaya Sushi has become that meeting point where:

Rolls, ramen, and sake are shared
Moments are celebrated
And there is always a reason to come back

Our kitchen blends the classic with the contemporary, offering everything from traditional flavors to more creative proposals that connect with today's lifestyle.

Because in the end, it's not just about sushi.

It's about the experience.
