

The safety of our customers is our highest priority. Please be aware that our kitchens are open and busy, and we use the same equipment for products that may contain different allergens. We take great care to ensure all equipment is thoroughly cleaned and sanitised on completion of every job, but there is still a possibility of trace contamination. We therefore cannot guarantee any of our food to be allergen free. If you have any questions or concerns about allergens or intolerances, please speak to the Manager on duty before ordering.
